Conference Notification

The Second International Conference on Future Generation Communication Technologies (FGCT 2013)
December 12-14, 2013
British Computer Society, London, UK
(http://www.socio.org.uk/fgct)
(Technically co-sponsored by IEEE UK& RI)

Proceedings will be published and indexed in IEEE Xplore and many other databases

Call for Papers

You are invited to submit a paper to The Second International Conference on Future Generation Communication Technologies (FGCT 2013) to be held at the British Computer Society, London, UK. Accepted papers in the conference will be published and indexed in the IEEE Xplore. Further they will be indexed in many global databases.

In the last decade, a number of newer communication technologies have been evolved, which have a significant impact on the technology, as a whole. The impact ranges from incremental applications to dramatical breakthrough in the society. Users rely heavily on broadcast technology, social media, mobile devices, video games and other innovations to enrich the learning and adoption process. This conference is designed for teachers, administrators, practitioners, researchers and scientists in the development arenas. It aims to provide discussions and simulations in the communication technology at the broad level and broadcasting technology and related technologies at the micro level. Through a set of research papers, using innovative and interactive approach, participants can expect to share a set of research that will prepare them to apply new technologies to their work in teaching, research and educational development amid this rapidly evolving landscape.

Topics discussed in this platform are not limited to

• Broadcost technology
• 4 G Mobile technology, including open mobile initiatives
• 4G wireless networks and systems
• Wireless modeling, algorithms and simulation
• Future Internet and networking architectures
• Future mobile communications
• Mobile Web Technology
• Mobile TV and multimedia phones
• Communication Security, Trust, Protocols and Applications
• Communication Interfaces
• Communication Modelling
• Satellite and space communications
• Communication software
• Future Generation Communication Networks
• Communication Network Security
• Communication Data Grids
• Collaborative Communication Technology
• Intelligent Internet Communication
• Intelligence for future communication systems
• Forthcoming optical communication systems
• Communication Technology for Elearning, Egovernment, Ebusiness
• Games and games designing
• Social technology devises, tools and applications
• Crowdsourcing and Human Computation
• Human-computer communication
• Pervasive Computing
• Grid, crowd sourcing and cloud computing
• Hypermedia systems

- Software and technologies for E-communication
- Intelligent Systems for E-communication
- Future Cloud for Communication
- Future warehousing

The conference will have workshops on specific themes, industrial presentation, invited talks and collaborative discussion forums.

Important Dates	
Paper submission	October 10, 2013
Notification of Acceptance/Rejection	November 05, 2013
Camera Ready	November 30, 2013
Registration	November 30, 2013
Conference dates	December 12-14, 2013

The selected papers after extension and modification will be published in many peer reviewed and indexed journals.

- Journal of Computer and System Sciences/ (ISI/Scopus)
- Journal of Digital Information Management (Scopus/EI)
- Decision Analytics
- International Journal of Applied Decision Sciences (Scopus/EI)
- International Journal of Management and Decision Making (Scopus/EI)
- International Journal of Strategic Decision Sciences

PAPER SUBMISSION AT- http://www.socio.org.uk/fgct/submission.php

Contact- fgct at socio.org.uk

Program Committee

General Chair
Ezendu Ariwa, University of Bedfordshire, UK, UK

Programme Chairs
Hathairat Ketmaneechairat, King Mongkut's University of Technology, Thailand Simon Fong, University of Macau, Macau

Co-Chairs
Adrian Florea, University of Sibiu, Romania
Turker Ince, Tampere University of Technology, Finland

The First International Conference on New Visions for Information and Communication Technology
(ICNVICT 2013)
Middle East University, Amman, Jordan
November 05-07, 2013
(http://www.dirf.org/icnvict)

Emerging information technologies offer new solutions to the society, improving processes, enabling automation and effective decision-making mechanisms and changing current ways of work. Research has tended to consider a direct causal relationship between the emerging and prospective information technologies and the future of society.

The research in information technology initiatives will greatly assist in enhancing the quality of information technology support provided to the different areas and domains. Thus this conference will present a scenario-planning exercise that aimed to identify possible future information technologies that the society would face.

The conference with this agenda will address the following but not limited to-
• Data Warehousing
• Enterprise Reporting & Analysis
• Geographic Information Systems
• Cloud computing
• IT and renewable energy
• Bi-informatics and e-health
• Semantic web and its applications
• E-technology (e.g. E-banking, E-disability, E-business)
• Computer and network security
• Visualizations and simulation
• Virtualization
•Web Services and Technologies
• Information retrieval and data mining
• Software engineering
• Multimedia
• Internet
• Communication, Technologies, Software, engineering
• Speech processing
• Data Communications, Data Hiding
• Digital Communication
• Databases and applications
• Distributed Computing
• Intelligent Agent systems
• Security - Servers, Routers, Switches: Configuration and Security
• Encryption
• Wireless Communications
• Logging and Scanning
• Disaster Recovery

The papers submitted will be blind reviewed and the authors of the selected papers will be invited to present the papers.

The best papers for general and student categories will be awarded.

The papers will be published in the proceedings. Besides, ALL the selected papers after modification will be published in the following journals.

The papers will be indexed in many global databases.

• International Journal of Grid and High Performance Computing (IJGHPC) (Scopus and EI Indexed)
• International Journal of Applied Decision Sciences (Scopus/EI)
• International Journal of Management and Decision Making (Scopus/EI)

- International Journal of Strategic Decision Sciences
- International Journal of Big Data Intelligence
- International Journal of Enterprise Information Systems (Scopus/EI)
- Journal of Digital Information Management (Scopus and EI Indexed)
- International Journal of Web Applications (DBLP Indexed)
- International Journal of Computational Linguistics Research
- International Journal of Information Studies
- Journal of E-Technology
- Journal of Networking Technology
- Journal of Information Technology Review
- Journal of Information Security Research
- Journal of Intelligent Computing
- Journal of Multimedia Processing and Technologies (DBLP Indexed)
- Journal of Information & Systems Management
- Journal of Data Processing
- Journal of Information Organization
- Journal of Electronic Systems
- Electronic Devices
- Signals and Telecommunication Journal
- Progress in Computing Applications
- Transactions on Machine Design
- Progress in Machines and Systems
- Progress in Signals and Telecommunication Engineering

Important Dates	
Paper Submission	September 20, 2013
Notification of Acceptance/Rejection	October 05, 2013
Camera ready	October 22, 2013
Registration	October 22, 2013
Conference	November 05-07, 2013

The Fifth International Conference on the Applications of Digital Information and Web Technologies (ICADIWT)
Amrita University, Bangalore, India
February 17-19, 2014

Technically co-sponsored by IEEE Communications Society
Proceedings will be published in IEEE Xplore
www.socio.org.uk/icadiwt

The Fifth International Conference on the Applications of Digital Information and Web Technologies (ICADIWT) is a forum for scientists, engineers, and practitioners to present their latest research results, ideas, developments and applications in the areas of Computer Communications, Communication networks, Communication Software Communication Technologies and Applications, and other related themes.

This conference (ICADIWT 2013) will include presentations of contributed papers and state-of-the-art lectures by invited keynote speakers.

This conference welcomes papers address on, but not limited to, the following research topics:

• Internet Communication
• Internet Technologies
• Web Applications
•Internet Software
• Data Access and Transmission
• Signal Communication
• Wireless Communication
• Digital and Analog Systems
• Communication Software
• Communication Networks
• Web Communication Interfaces
• Web image processing
• Speech processing
• Computer networks
• Internet Information retrieval and applications
• Internet engineering
• Data Communication
• Digital Communication
• Databases and applications
• Distributed Computing
• Data mining
• Computer and network security
• Intelligent Agent systems

The proceedings will be indexed in IEEE Xplore.

Selected papers after modification will be published in the following reviewed journals.
• Journal of Computer and System Sciences/ (ISI/Scopus)
• Journal of Digital Information Management (Scopus/EI)
• International Journal of Computational Science and Engineering (Scopus and EI Indexed)

Decision Analytics

• International Journal of Big Data Intelligence
• International Journal of Applied Decision Sciences (Scopus/EI)
• International Journal of Management and Decision Making (Scopus/EI)

- International Journal of Strategic Decision Sciences
- International Journal of Enterprise Information Systems (Scopus/EI)

Important Dates	
Submission of Papers	November 20, 2013
Notification of Acceptance/Rejection	December 28, 2013
Camera Ready	January 28, 2014
Registration Early Bird	January 28, 2014
Registration Late	February 03, 2014
Conference Dates	February 17-19, 2014

General Chairs

Sudarshan T.S.B. Amrita University, India
Joel Rodrigues, Institute of Telecommunications/University of Beira Interior, Portugal

Program Chairs

Tripty Singh, Amrita University, India
Weimin He, University of Wisconsin Stevens-Point, USA

Program Co Chairs

G Radhakrishnan, Amrita University, India
N C Narendra, IBM Research Labs, India
Ezendu Ariwa, Bedfordshire University, UK
